

# System Wide Safety

## August 6, 2019

Enabling Autonomy in the National Airspace Workshop

Dr. Misty Davies, Deputy Project Manager

John Koelling, Project Manager

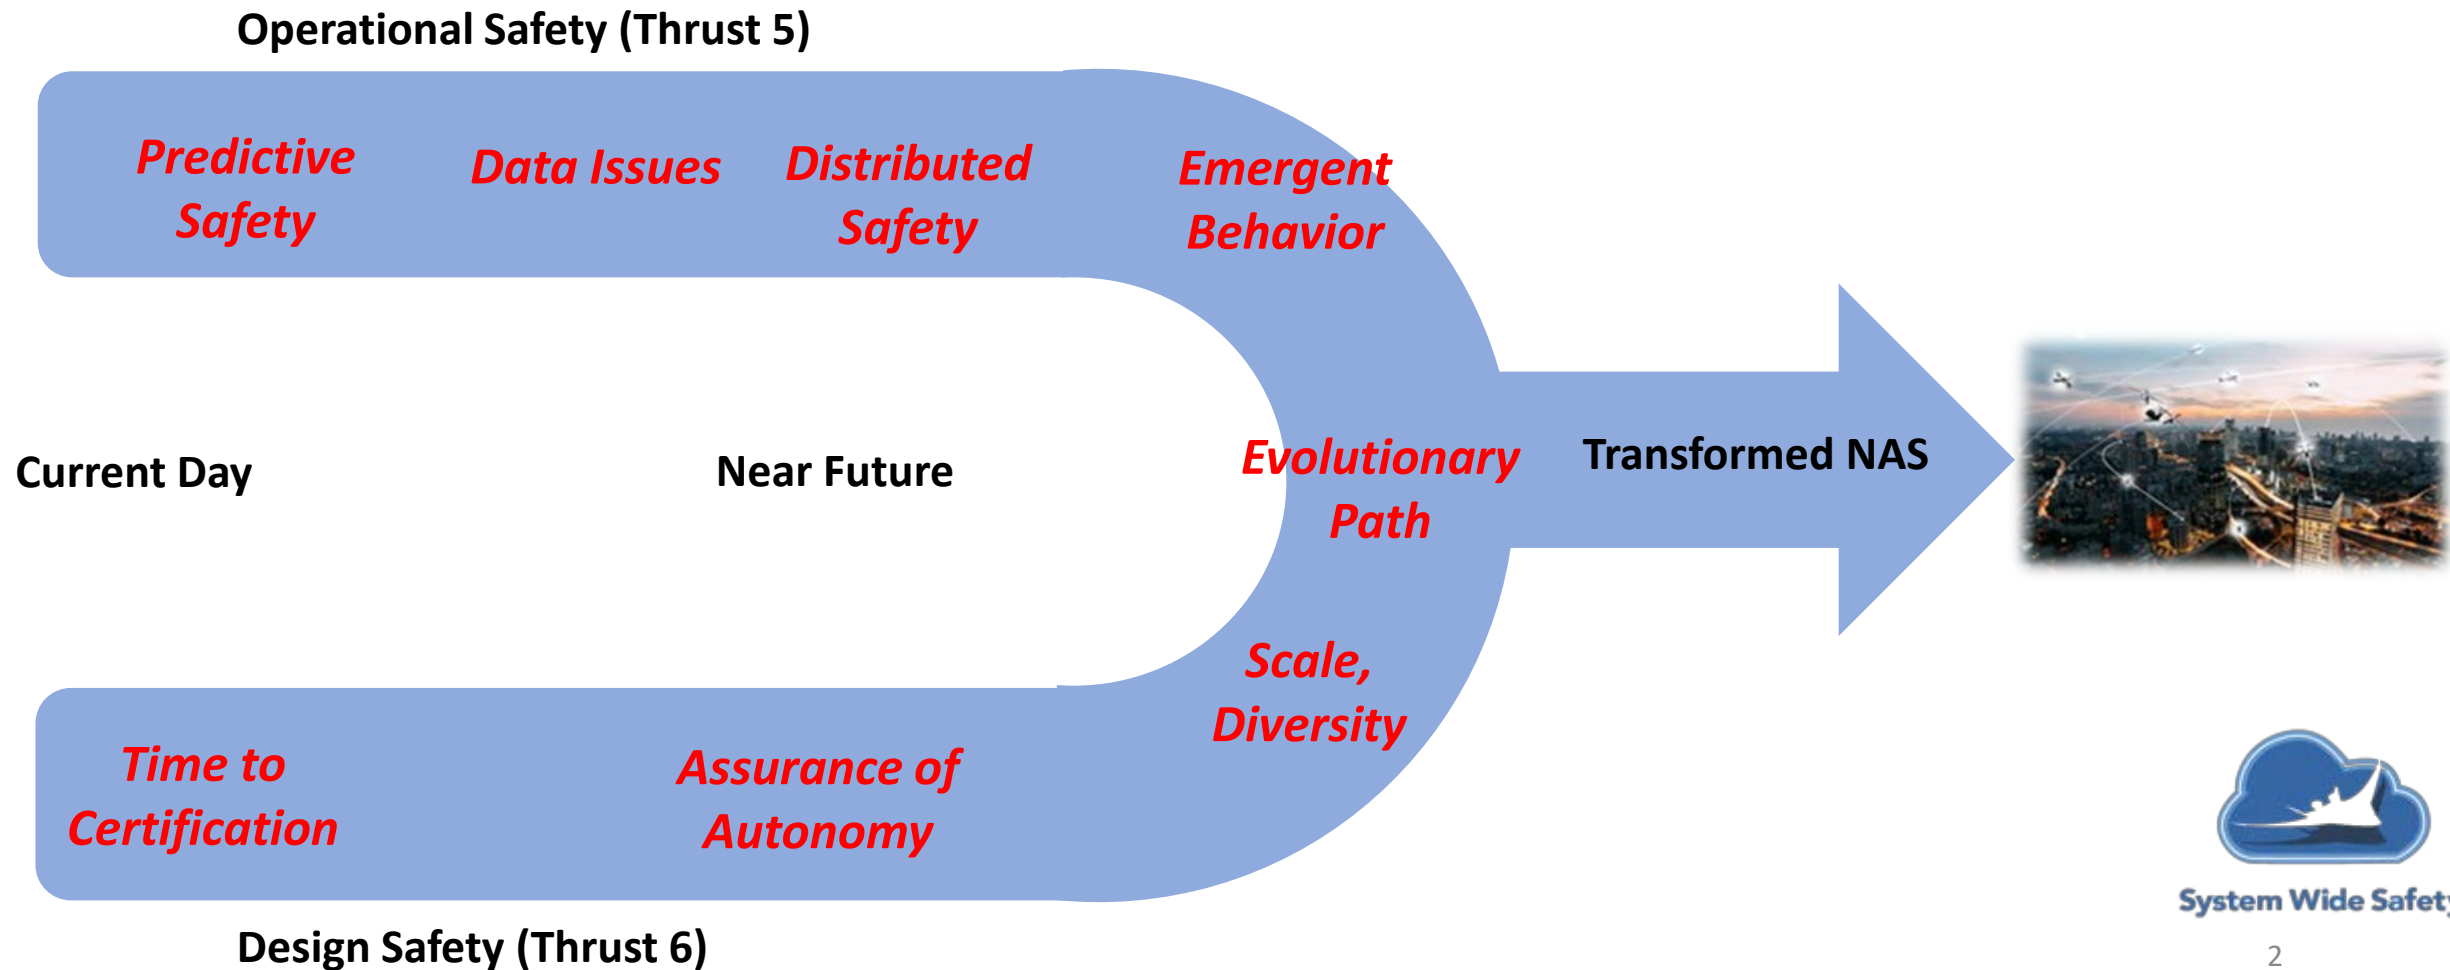

Dr. Kyle Ellis, Associate Project Manager

**System Wide Safety**

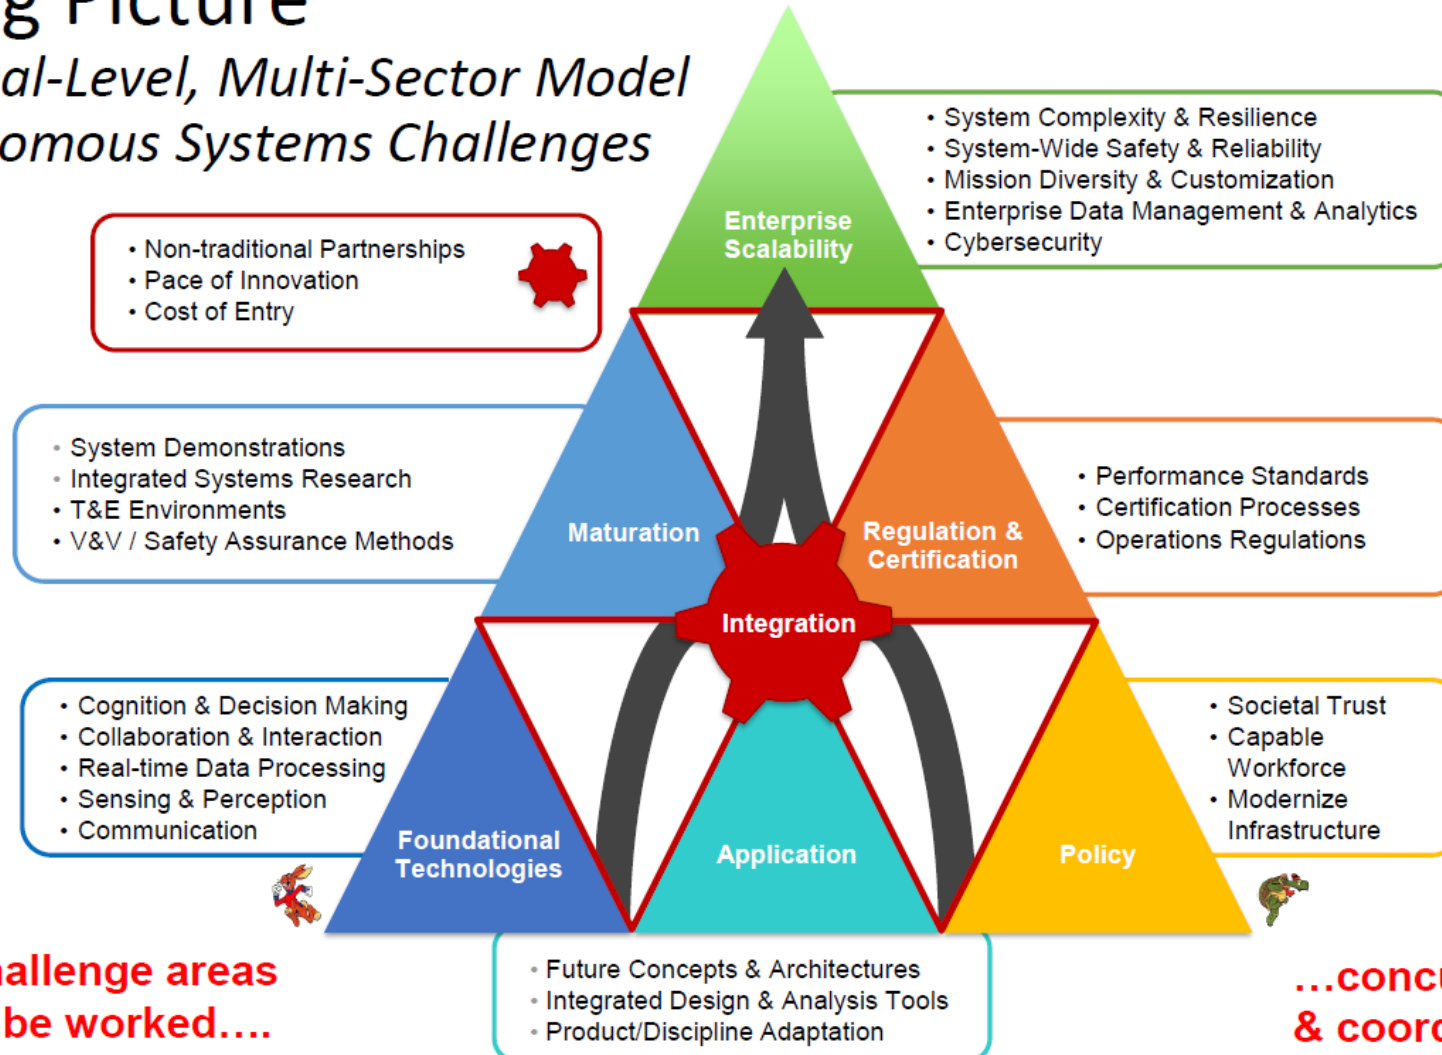

# System Wide Safety Technical Barriers

# Partnerships

## The Big Picture

*A National-Level, Multi-Sector Model of Autonomous Systems Challenges*

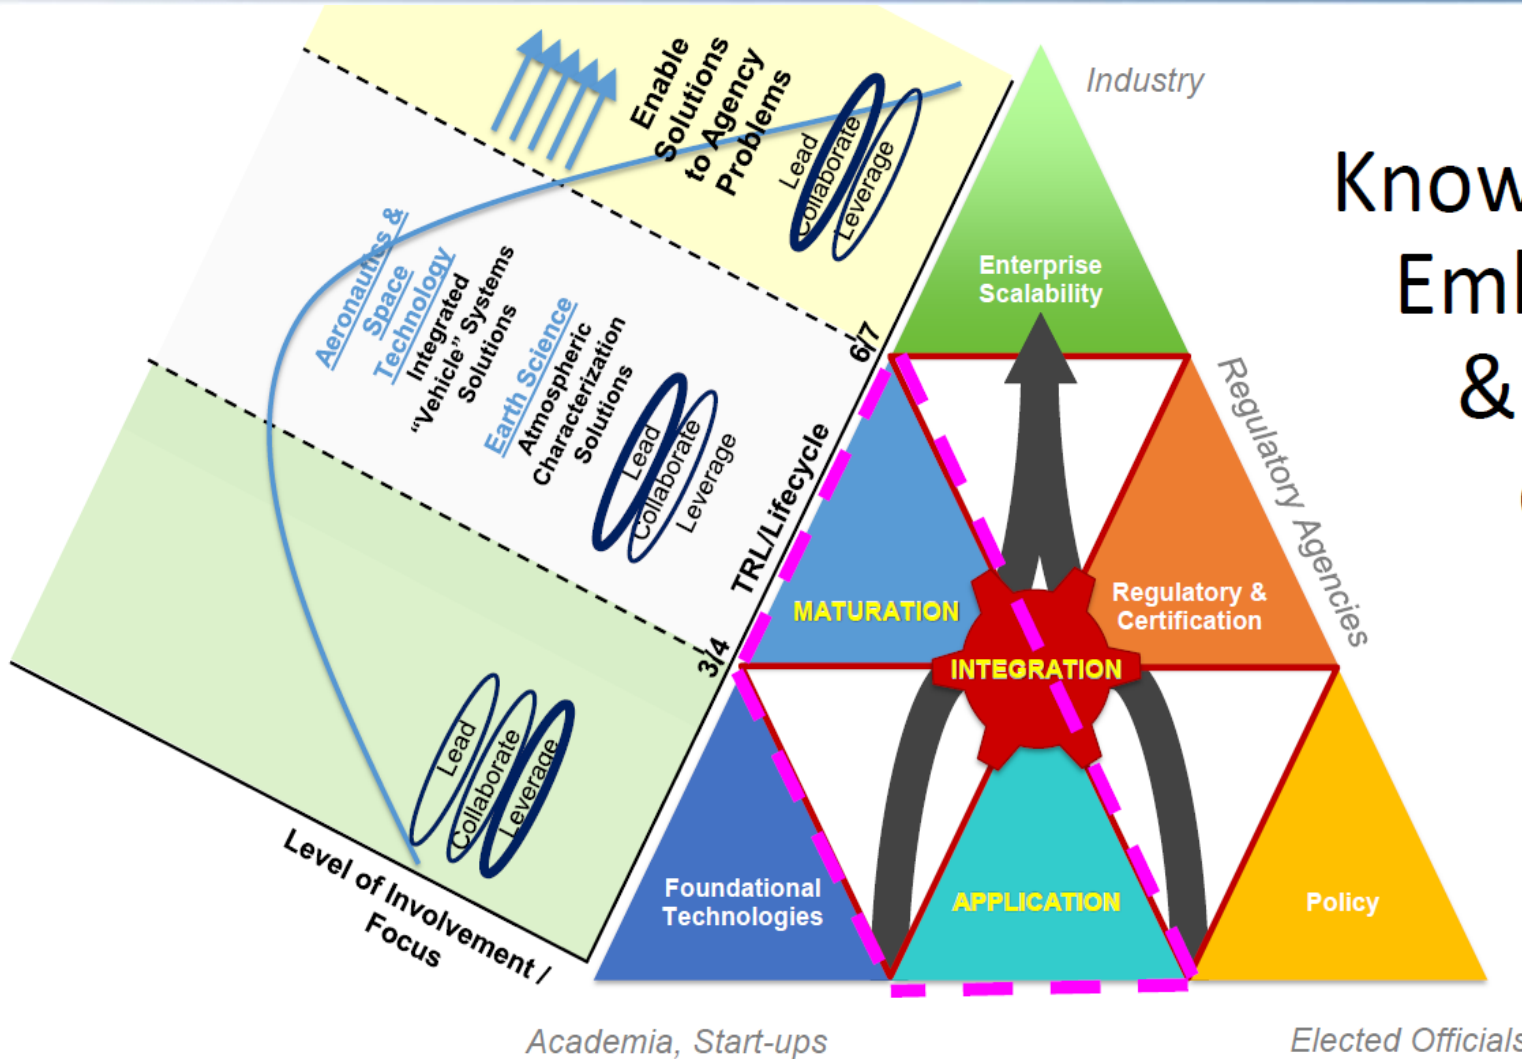

**All challenge areas must be worked....**

**...concurrently & coordinated.**

# NASA's role

Know,  
Embrace,  
& Deliver  
on our  
Unique  
Role

*Is this the evolving  
role of Federal Labs  
(beyond autonomy)?*

System Wide Safety

**Includes advancing certifiable trust and enabling integrated T&E environments**
