

## **Dr. Michael (Mike) Romanowski**

Dr. Mike Romanowski is FAA Aircraft Certification Service's Director of the Policy & Innovation Division. His background includes Commercial Space Integration. He provided executive leadership and direction for the evaluation and regulation of commercial spaceports, launches and reentries, and the integration of these operations within the National Airspace System. He was responsible for ensuring the integrated application, planning, programming, budgeting, and execution of FAA's NextGen air traffic management modernization portfolio when he served as the FAA Director of NextGen Integration and Implementation. In these roles, he focused on developing and advancing strategies and policies across the federal government and the private sector to promote innovation and accelerate the benefits of federal investments in aviation and aeronautics. Mike's past experience includes product safety, certification and airworthiness at Sikorsky Aircraft and Pratt and Whitney.
